

WHY B. Sc. BIOTECHNOLOGY???

There are many topics of biotechnology during the 12th study in biology course mentioning the importance and scope of biotechnology to make a good career option.

Now, you have a chance to select the course on biotechnology as a wonderful area to have a successful career option by joining our B. Sc in biotechnology. As, we are aware, this branch is next to medical for biology students. The advantage of choosing biotechnology is so great that there are many inter-related fields which will be available after graduation.

Our college offers selection of two branches i.e. Biotechnology or bioinformatics. Fortunately, the student gets good selection straight away after FY B. Sc.

WHAT WE DO AT AMCOST???

- ✚ We provide the best infrastructure and environment to acquire knowledge in biotechnology. Well maintained library facilities help the students to satisfy his quest for knowledge.
- ✚ We also offer Masters in Biotechnology which puts the students to an advantageous position and ensures his Master's admission also.
- ✚ Personal attention and care is given to each student.
- ✚ Career counseling is an integral part of study.

WHAT AFTER GRADUATION???

- Many of our students are pursuing higher studies abroad after graduation.
- Masters in Biotechnology at our own college.
- Short term courses on Medical Laboratory technology can also be done..
- You can have a course on Entrepreneurship development to have your small scale biotech product unit to cater the needs of Agricultural sector, tissue culture, seed industry..
- You may do clinical research course after graduation too.

ENDLESS OPPORTUNITY AWAITS YOUR DOOR STEPS FOR YOUR CHILD HERE...
